

Media Imagery Studios handles a wide variety of broadcast, internet and new media projects for several high-profile regional/global clients

NJ BOARDROOM

BROADCAST/CABLE TELEVISION: The Foundation for New Jersey Public Broadcasting selected MI to produce the HD half-hour pilot show entitled NJ Boardroom shot on-location at Princeton University and recently debuted on the new NJTV Network. LA's Imagecraft Productions returned to MI for 13 days of HD location production at The Borgata and Foxwoods for the new season of the World Poker Tour TV series.

MI also created a new :60 DRTV spot for **Stickamat** currently running nationwide on DirectTV. 2011 Miss America Teresa Scanlan returned to MI studios to record the voice-over for her Final Walk segment produced by Media Imagery for the 2012 **Miss America Pageant** telecast January 14 on ABC.

MISS AMERICA

INNOGRAPHY

DIGITAL VIDEO & WEB: North Brunswick, NJ agency **Marketing Edge** selected Media Imagery to shoot and post a series of on-line video tutorials for **Quest Diagnostics** while Mt. Laurel's **Zucconi Idea Agency** returned to produce a series of green-screen QR code/mobile media product tutorials for **Sleep Innovations**. **Centropy Group** brought MI to Austin, TX to shoot and produce corporate promotional media for **Innography**.

Media Imagery is pleased to announce its alliance with **Centropy Group** which will focus on the development and production of live, streaming webinars offered on a subscription basis. MI was also pleased to join dozens of the region's top companies in supporting the **CARES Institute at UMDNJ** by producing fund-raising media and social media content for the Calling All Angels Gala held October 9.

Calling All Angels

CARES Institute

DIGITAL AUDIO: Global agency **Rosetta Marketing** returned to MI for multiple pharmaceutical audio projects. **Univers Workplace Benefits** selected MI once again for audio web content for several prominent clients while **Janssen Pharmaceuticals** brought MI on for several location audio podcast projects.
